Determining how much you need for retirement is a very difficult question. The question is made much simpler when you base it on the type of retirement you would like to have.

The Association of Superannuation Funds of Australia (ASFA) Retirement Standard outlines the annual requirements for a 'comfortable' and 'modest' retirement. By using the table below, you can determine your own lifestyle now, which

provides an idea of how you may want to live in retirement, and how much you will need to fund your desired lifestyle.
